# ENERGY EFFICIENCY FOR NONPROFIT ORGANIZATIONS

Eligible nonprofit organizations can now focus more resources on their mission by reducing energy and maintenance costs with the ComEd Energy Efficiency Program. Start with a **FREE** on-site facility assessment that will identify and recommend energy-efficient solutions to save you money and energy.

The ComEd Energy Efficiency Program provides ongoing support and technical assistance to help eligible nonprofits identify and implement cost-effective energy efficiency upgrades.

## WANT TO LOWER YOUR OPERATING COSTS?

Nonprofit organizations are often under pressure to reduce expenses while continuing to provide valuable programs to serve their communities. ComEd can help you with no-cost and low-cost energy efficiency solutions for your building while providing incentives.

## PROJECT SNAPSHOTS

### Transitional Housing Facility

Project: LED lighting retrofit

Building Size: 35,235 square feet

<b>Total project cost</b>	\$14,381
<b>ComEd Energy Efficiency Program incentive</b>	\$11,271
